Data Use Agreement of Think Aloud fMRI Data

1. This dataset was used to investigate the neural representations of self-generated thought during think-aloud fMRI scans (Li, H.X., Lu, B., Wang, Y.W., Li, X.Y., Chen, X., Yan, C.G. (2022). Neural Representations of Self-Generated Thought during Think-aloud fMRI. Neuroimage, 119775, https://doi.org/10.1016/j.neuroimage.2022.119775.).

2. All codes are available on git-hub (https://github.com/Chaogan-Yan/PaperScripts/tree/master/LiHX_2022_NeuroImage).

3. The researchers should conduct analyses while not violating ethics.

4. Any effort on re-identification of individuals is prohibited.

5. The data user should submit an annual report of research progress on Think Aloud fMRI data by the end of each year. The data user should not leak the data and phenotypic information to any other third parties.

6. Please cite the paper in your work: Li, H.X., Lu, B., Wang, Y.W., Li, X.Y., Chen, X., Yan, C.G. (2022). Neural Representations of Self-Generated Thought during Think-aloud fMRI. Neuroimage, 119775, doi:10.1016/j.neuroimage.2022.119775.

7. The data was shared by the R-fMRI Lab, Institute of Psychology, Chinese Academy of Sciences. The lab reserves the right to the interpretation of the above terms and conditions.

NOW, THEREFORE, by signing below, I agree that I have read, understand, and agree to the conditions set forth above.
